

Mrs. Baird

Grade 7 Science

Forum Permission Slip

MrsBScience.com – our classroom website offers your child the opportunity to check homework assignments, take sample quizzes and download materials specific to our classroom discussions. In order to experience the features of the website, “The Bee Hive”, I will need your permission for your child to register.

The Bee Hive is a standard forum where your child can ask questions of me or other students, or even discuss interesting science related topics. My forum is limited to current students only and can only be accessed once I have approved your child’s registration. I take extreme measures to ensure that no outside individuals have access to your child’s discussions if they choose to post.

All topics are moderated by me and students cannot see each other’s posts until I have approved them. This ensures a safe and secure environment for everyone. I do not approve posts which are not related to science issues and do not allow posts that disclose further information about your child.

If you wish to allow your child to participate in the forum, please fill out the information below with your child and sign the document. Your child can return the permission slip to me and I will approve their registration to the forum at that time.

Sincerely,

Mrs. Baird – 7th Grade Science
